

# SPRING Membership Meeting

80 Maple Street, Auburndale, MA 02466

**March 15, 2012**

**8:00 a.m. – 9:00 a.m.**

**Registration & Refreshments** (*Winslow Hall / deWitt Auditorium*)

**9:00 a.m.**

**Welcome from Lasell College** (*Michael Alexander, President*)

**9:15 a.m.**

**Business Meeting & SNEAPPA Updates** (*deWitt Auditorium*)

**9:30 a.m.**

Lasell College Bragdon Quadrangle Student Residence (*projected LEED Silver equivalent*) -- *Jana G. Silsby, AIA, LEED® BD+C, Associate Principal, Perkins Eastman*, will talk about how the College community and the historic neighborhood community have influenced the planning and design process for Lasell projects and then focus on the common features that the last two residential projects have both incorporated to become LEED Silver equivalent.

*Sean O'Donnell, AIA, LEED® AP, Principal, Perkins Eastman*, will speak about how the Stoddert Elementary School (*LEED Gold*) is used as a green teaching tool for both students and the community and how it has become a center for the community beyond its educational function. Sean will also talk about how Dunbar Senior High School (*projected LEED Platinum*) aspired to be net-zero and the challenges it faced.

□□□□□□□□

10:30 a.m.

*Morning Break/Networking*

□□□□□□□□

**11:00 a.m.**

*David Adamian, VP for Engineering & Operations & Bonny Bentzin, Director of Sustainability at GreenerU*, will discuss approaches to addressing sustainability, deferred maintenance and energy efficiency objectives in an integrated fashion. This discussion will draw on lessons from a number of GreenerU projects and will touch on the following topic areas:

- *Leveraging energy savings to enhance deferred maintenance programs*
- *Integrating energy efficiency planning with campus master planning*
- *Getting the most out of student engagement*
- *Retro-Commissioning*
- *Strategies for structuring and implementing campus-wide energy efficiency programs*
